

Softer, Cleaner, Better Water For Your Home

IWT TRIPLE TREAT WATER TREATMENT SYSTEM

Remove Hardness, Bad Taste & Odor

Rid your water of hardness minerals (calcium and magnesium) and bad tastes and odor caused by chlorine, chloramines or organic matter. Enjoy great tasting; odor-free water plus benefit from softer skin, silkier hair, spot free dishes, brighter laundry while protecting your plumbing and water using appliances from scale build up.

The unique two tank system keeps the two media beds separate and allows for more carbon contact improving chlorine, chloramines and organic removal. Because the carbon may need to be replaced before the softening resin, the two tank system allows for replacement without having to change the resin bed unlike many traditional mixed bed systems. Same benefit as separate systems but with cost of only one control valve.

Features:

- Two tank carbon system keeps media beds separate and allows for more carbon contact for improved chlorine, chloramines and organic removal
- Carbon can be replaced without replacing the resin bed
- Same benefit as separate systems but with cost of only one control valve
- Smaller carbon tank increases backwash flow rate for proper carbon backwash
- Exclusive NSF Certified electronic control valve with reliable piston, seal and spacer technology
- Lifetime Warranty on tanks; 7 years on valve
- Rotating “No-touch” diagnostic LCD display
- Meter Immediate, Meter Delayed, Meter with Day Override, Vacation and Calendar Clock mode
- Adjustable cycle times
- Tank jackets reduce condensation problems
- Brine safety valve provides extra overflow protection
- Plastic salt grid prevents salt bridging
- Unique bypass with an integrated space saving turbine meter and sample port on the inlet. One-piece design avoids meter jamming
- Time saving quick connect fittings on bypass and brine line. Power cord even has quick connect for easy valve spin on.
- Drain line o-ring eliminates need for Teflon
- NSF Certified fiberglass tanks / WQA approved resin

Installation

For a traditional water softener, if your house is pre-plumbed for a water softener, the installation cost is \$180.00. If your house is not pre-plumbed, the cost will likely be \$350 to \$600. 1-888-406-7873 or 480-202-0249
